Size of entry

There is no limit on the number of competitions that a competitor can enter in their age group.

The number entering competitions in 2011 was healthy in most categories and hopefully will be the same again this year, but it is possible that there may be insufficient numbers in a category to run a meaningful competition. In these circumstances we will consult with the affected groups to decide the best course of action, hopefully keeping a shooter competing by moving to a different category if it is possible and appropriate to do so. Adult competitions tend to attract fewer competitors, but we do normally run with 6 or more entrants in a category.

Posting cards

Cards need to be sent at the end of each month (or sooner if complete,) in a well sealed envelope. It is important that all edges of envelopes are reinforced with sticky tape as to prevent damage and loss in the post.

We try to be sympathetic to loss in post and with the agreement of others may allow a re-shoot if there is time to do so.

.22 shooting- a note

Some interest has been shown in a .22 25yd category for 2012. If you feel that this would be of interest to your Group then please let me know so that the level of interest can be gauged. If there are sufficient entries we will run a competition and we will be happy to absorb the admin costs into the other competitions to get it off the ground this year.
